

It's time to have
your say
on alcohol in
Auckland

The Auckland Council is creating a Local Alcohol Policy that has the ability to make changes to the way that alcohol is sold and supplied in your community. This policy is meant to reflect your wishes so please take a little time to fill in this form submission.

It is clear that the availability and accessibility of alcohol in our communities is contributing to negative outcomes such as youth drinking, domestic violence and crime.

- Two-thirds of Aucklanders believe that the overall impact of drinking on life in Auckland is negative.
- Just over half think alcohol or other drugs are a problem in their area.
- 85% agree that there is a problem with youth and drinking in Auckland.
- 68% would like liquor stores and supermarkets to sell alcohol no earlier than 10am and no later than 10pm.
- 61% want a maximum closing time of 2am for pubs, bars and clubs¹.

You have the power to bring change! Make sure you have your say by **4pm on Wednesday 16th July, 2014**. For more information visit www.ahw.org.nz

Get involved!

Although having your say on policies may sound difficult, it can be as simple as writing a few short paragraphs around what changes you would like to see happen. It is important for members of the community to be involved, as the way alcohol is sold directly impacts on the amount of alcohol issues that occur in your neighbourhood.

The first step to having your views heard is to write a submission to the Auckland Council on Auckland's Draft Local Alcohol Policy. You may also want to speak to your submission in person. An oral presentation makes a massive impact on the decisions that are made. More information on processes and dates concerning Auckland's Local Alcohol

Policy can be found on the Auckland Council's website - shapeauckland.co.nz.

What to do next:

Fill in the form, enclose extra pages if required, fold along the dotted lines, tape and post. Remember submissions close

4pm on Wednesday 16th July 2014.

Please note that your contact details must be completed correctly and in full in order to make this submission count!
