The Auckland Council is in the process of developing its **Local Alcohol Policy**, which has the ability to make Auckland's alcohol environment safer.

Local alcohol policies give you an opportunity to have a say on **the way alcohol is sold and supplied in your region.**

Three local workshops will be held to **support you in making a written submission** on the draft Local Alcohol Policy, out for consultation 16 June to 16 July 2014.

The workshop will provide participants with:

- An understanding of the **content** of the policy,
- The **impact** it may have on communities, and
- How to **get your voices heard** in an effective way through a written submission.

Please RSVP to Jaclyn Bonnici at jaclyn@communitywaitakere.org.nz or 09 838 7904.
